To whom it may concern,

This letter is regards to Mr. Raymond Chow. I have worked with Raymond in many workshops and classroom presentations. I've seen Raymond affect the lives of hundreds of San Francisco youth with his story and past experiences in a positive way. Raymond has played a vital role with the Tailor Made program. Tailor Made program is a support group and help youth make healthy choices. Raymond has been an inspiration to a lot of the youth and showing them that people can change for the better.
